Mobile +47 41 69 70 72

Helene's main practice areas are compliance, human rights and environmental law, as well as security law and sanctions. She holds a Master's Degree from France, Université Paris II Panthéon-Assas, where she was affiliated with a research project concerning international rules on corporate social responsibility (CSR) of large multinational corporations. Helene has solid experience and expertise in compliance, security law, environmental and human rights law, and provides counselling within all these areas. Other focus areas of Helene's work include investigation and litigation within her main practice areas. She has led international and national investigations, for instance concerning potential human rights violations and economic crimes in several jurisdictions. She also provides compliance training and lectures within all her practice areas. Helene also has a solid expertise in international law, including EEA and EU law, humanitarian law and administrative law.

Helene Bogen: Very client focused and delivers always on time. Excellent work related to legal framework and what is needed ad background information. Well organised in her work and cooperative spirit.
