Regulatory

Selected projects

Refinancing

Assisted Sector Alarm Holding AS in connection with an English loan agreement which consisted of a loan of EUR 590,000,000 and a drawdown facility of EUR 100,000,000. The purpose of the loan agreement was, among other things, to refinance existing debt before a minority stake in the company was sold to an investor.

Financing of DNO's acquisition of Faroe Petroleum

Assisted Danske Bank with an up to NOK 4,900,000,000 guarantee facility agreement with DNO ASA in connection with the company's bid for all the shares in Faro Petroleum Limited.

Mime Petroleum AS

Assisted DNB Bank ASA as agent with a reserve based lending facility for Mime Petroleum AS, for the purposes of financing Mime's acquisition of a portfolio of license interests from Vår Energi AS.

Exploration financing facility for Wellesley Petroleum in 2019

Assisted Skandinaviska Enskilda Bank AB (publ) as agent and lender in connection with an up to NOK 1,500,000,000 exploration financing facility for Wellesley Petroleum AS.

Financing of investment in Fosen Vind

Assistance to the senior lenders in connection with a EURO 228,000,000 Term Loan Facility Agreement for the purpose of financing the investment by Nordic Wind Power DA (a European investor consortium established by Credit Suisse Energy Infrastructure Partners) in Fosen Vind DA. Fosen Vind Da is a joint venture between Statkraft, TrønderEnergi and Nordic Wind Power DA. The project will be Europe's largest onshore wind power project, comprising six onshore wind farms in Central-Norway, with a combined capacity of 1000MW.
