Tone has broad experience within the oil and gas industry and the renewable sector, where she assists clients in regulatory issues, contract negotiations, disputes and transactions. Through work with various actors and stakeholders in the industries, she has a strong understanding of the commercial interests of the various actors, and how these can be legally balanced. Tone specialises within the legal areas; renewable energy law, oil and gas, corporate and contract law. Tone has, inter alia, considerable experience managing small scale hydraulic power transactions and has represented various clients in disputes regarding waterfall rights.
